16 August 2016

Dear iSSWG member,

ENHANCED VIGILANCE IN THE WAKE OF THE BOMBING IN SOUTHERN THAILAND

Following the terror attacks in the five provinces of the southern Thailand on 11 and 12 August 2016, we have enhanced the security measures at major congregation areas. We will continue to maintain high vigilance and calibrate our security measures accordingly.

2 As premises owners, it is important that you remain vigilant and enhance security measures on your premises too. Please do remind all your staff to look out for suspicious articles left unattended or suspicious persons loitering within or near your premises. In addition, we advise that you adopt the following measures:

- a) Enhance high-visibility patrols by security officers, if any, within your premises to project greater deterrence;
- b) Remind tenants and staff to stay vigilant and highlight to the management if any members of the public ask about emergency protocols or where the Air Handling Units, etc. are located; and
- c) Conduct in-house security and contingency exercises to validate your contingency plan and test the readiness of staff and employees in responding to security threats.

3 Should you or any of your staff detect any suspicious activity, article or person within or in the vicinity of your premises, please call our Police Emergency Hotline at '999' for assistance. Together, we can make our community a safe and secure one for all.

Yours faithfully,

**DAC PAULINE YEE
